WORD FROM THE PRINCIPAL

Dear Parents, Guardians, Learners, and Friends of **Aimeel Schools,**

Welcome to the third issue of the **Aimeel Schools** Newsletter. As a school community, we continue to celebrate growth, creativity, discipline, and excellence in every area of learning. This term has been filled with exciting activities that continue to shape our learners academically, socially, and creatively.

Our learners have shown remarkable dedication as they prepare for the ongoing music festivals and sports competitions. Through rehearsals, training sessions, and teamwork, learners are developing confidence, discipline, and leadership skills that go beyond the classroom.

We are also delighted to introduce our new Resource Center, a significant step towards creating a richer learning environment for all our learners. This facility will provide learners with greater access to books, learning materials, and opportunities for research and discovery.

I sincerely thank our parents, teachers, and staff members for their continued support and commitment to the success of our learners. Thank you for being part of the Aimeel Schools family.

• Mr. K. Karanja
Principal

WORD FROM OUR DEPUTY HEADS

MR. DUNCAN OTIENO

MR. JOHN ADONGO

MR. RICHARD ODOYO

Our primary academic metric remains centered on maximizing individual learner potential through differentiated learning strategies. The parallel structures of our boarding and day sections have created distinct, yet complementary pathways to success:

Boarding Scholars: Benefit heavily from structured evening prep sessions, supervised peer-study groups, and immediate access to teaching resources. This controlled environment has led to a noticeable 15% increase in consistency across internal formative assessments, particularly in STEM subjects.

Day Scholars: Bring a dynamic energy to the daytime classrooms. Supported by parental engagement at home, our day learners demonstrate highly adaptive critical thinking skills.

From the Desk of the Deputy
Principal, Quality Assurance

Discipline at **Aimeel** is viewed not as a system of punishment, but as a framework for self-regulation. Managing discipline across two distinct enrollment categories requires tailored, empathetic approaches.

Focus Area

Routine adherence, community living etiquette, and digital device regulation.

Punctuality, uniform compliance, and transitional accountability (home to school).

Strategy

A student-led dormitory council that handles minor disputes and promotes peer accountability.

Outcome

Highly independent learners capable of managing personal hygiene, timelines, and shared spaces.

Respectful boundary navigation and high adaptability to changing environments.

From the Desk of the Deputy
Principal, Junior School

A learner's character shines brightest outside the formal constraints of the classroom and exam rooms.

Our observation of the general behavior of the student body reveals a deeply empathetic culture.

Integration and Unity

One of our greatest successes this year has been the seamless integration of our day and boarding communities.

During co-curricular activities, sports, and school clubs, the distinction disappears entirely. Boarding learners often display strong leadership and hospitality traits, anchoring the school's culture, while day learners inject fresh, external perspectives and community trends into school life.

From the Desk of the Deputy
Principal, Preparatory School

MANAGEMENT'S TAKE

Aimeel Management recognizes the tireless efforts of our teachers/facilitators, who have guided the schools' young minds with great dedication. We thank them for their diligence, commitment, and creativity. They have not just been taught lessons, but have continued to nurture skills and talents that will last a lifetime.

To the Parents/Guardians, we appreciate that the path hasn't always been easy. Competing needs, Homework battles, early morning wake-ups, and project assignments – but alas! You've weathered them all! Thank you for your love and everlasting support. Your pride in these young minds shines brighter every day.

We're proud of the learners as they prepare to advance and deepen their knowledge, and we're seeing new individual strengths and group synergies. There will be moments when things don't go as planned – maybe they will struggle with a new subject or lose a soccer game. But it should be remembered that success is not about never failing; it's about always getting back up, dusting oneself off, and trying again. Indeed, life is full of possibilities.

We affirm that Management will deploy all available resources towards growth and attainment of greater heights as a leading educational institution in our region. All the way from crayons and charts, workshop presentations and to digital literacy, as is happening through the ongoing robotics and coding classes across the board.

We promise greater improvement, even as we migrate our general communication channel to an interactive digital learner management information system – please interact with us!

Past & Upcoming Events

The Mater Heart Run!!

Aimeel learners proudly participated in the Mater Heart Run, joining thousands of Kenyans in support of children in need of life-saving heart surgeries. The event provided an opportunity for our learners to promote fitness, teamwork, and compassion while contributing to a worthy cause.

We commend our learners for their enthusiasm, discipline, and community spirit, which reflected the values of **Aimeel Schools**. Their participation was a meaningful reminder that together, we can make a difference in the lives of others.

Aimeel Cultural Day 2026

Aimeel Cultural Day 2026 promises to be a vibrant celebration of diversity, heritage, and unity within our school community. Learners will have the opportunity to showcase different cultures through traditional attire, music, dance and creative performances, fostering appreciation and respect for one another's backgrounds. The event will not only be a moment of joy and learning, but also a powerful reminder that our diversity is our strength as we continue building a united and inclusive school family at **Aimeel Preparatory and Junior School**.

Past & Upcoming Events

Music Festivals Preparations

The school is actively preparing learners for the ongoing Music Festivals through intensive rehearsals and mentorship from dedicated teachers.

The Learners have been honing their skills in singing, verse speaking, dance, and creative performances with great enthusiasm and teamwork. **Aimeel schools** remains optimistic and focused on delivering outstanding performances, with the aim of advancing all the way to the finals.

Our learners in **Grades 3, 4, 5, 7, and 8** have actively undertaken their KNEC project assessments as part of the Competency-Based Education (CBE). These projects provide an opportunity for learners to apply their knowledge, creativity, and practical skills in real-life situations. These results contribute to the overall performance of the summative national assessment. We commend their dedication and wish them success as they complete this important component of their assessments.

DOJANG Annual Sports Tournament 2026

Our learners are eagerly preparing for the **DOJANG Annual Sports Tournament**, set to take place on **Saturday, 4th July 2026**. The event will bring together schools in a spirit of teamwork, sportsmanship, and healthy competition. We look forward to seeing our learners proudly represent **Aimeel Schools**, showcasing their talents, determination, and school spirit both on and off the field.

We are proud to announce that **Aimeel Schools** participated in the **Youth Chess Championship** held on **20th June, 2026** at **Runda School**. Our young chess enthusiasts have been diligently sharpening their strategic thinking, problem-solving, and decision-making skills in preparation for this exciting competition.

The championship provides a valuable platform for learners to showcase their talents, interact with peers from different schools, and develop confidence through healthy competition. Our chess team did the very best as they represented our school and demonstrated the discipline, focus, and excellence that define the **Aimeel** spirit.

Young Simba Roars to Success

Aimeel Schools proudly celebrates **Gabe Wise** of Grade **5 Faith** for his outstanding performance as Young Simba in the stage production of *The Lion King*.

Gabe captivated the audience with his confidence, talent, and stage presence, making both the school and his classmates proud. His performance is a testament to the importance of nurturing learners' unique gifts beyond the classroom.

At **Aimeel**, we are committed to discovering, developing, and celebrating the diverse talents of every learner. Gabe's achievement reflects the creativity, dedication, and excellence that our learners continue to demonstrate.

Congratulations, Gabe!

CONGRATULATIONS
GABE WISE OF 5 FAITH

You made us proud in the play "The Lion King" starring as Young Simba. Your talent, confidence and dedication shone brightly on stage!

SHULE YETU

Shule ya **Aimeel** ni taasisi ya elimu inayojikita katika kulea na kuwaongoza wanafunzi kuelekea mustakabali wenye mafanikio. Shule hii huwapa wanafunzi nafasi ya kukuza vipaji na uwezo wao kupitia shughuli mbalimbali za ziada na masomo kama michezo, mashindano na tamasha za muziki ambapo wanafunzi hushiriki kikamilifu na hata kutunzwa kutokana na juhudi na ubunifu wao. Aidha, Aimeel huweka mazingira salama na huru yanayowezesha wanafunzi kujieleza kwa uhuru na kujiamini. Hakika, shule hii ni kama taa iing'aaayo gizani, ikimulika njia ya mafanikio kwa kila mwanafunzi.

Vilevile, **Aimeel** ni shule ya kipekee inayohimili lugha na utamaduni wa Mei umejengwa madhubuti kwa ajili ya kuimarisha matumizi ya Kiswahili ambapo wanafunzi wote wanahimizwa kuwasiliana kwa Kiswahili ili kukuza hii inaonyesha namna shule inavyothamini utamaduni na lugha ya taifa. Isitoshe, shule inayoadha kuadhimisha siku ya utamaduni ambayo inawakutanisha wanafunzi wote kushirikiana katika shughuli mbalimbali za kitamaduni kama mavazi asili, ngoma za jadi na maonyesho tofauti ya jadi yanayoidhirisha umoja katika tofauti. Kupitia juhudi hizi, Aimeel huendeleza kung'aa kama kitovu cha elimu bora, maadili mema na ukuzaji wa vipaji vya wanafunzi.

A NEW CHAPTER FOR LEARNING: THE NEW CBC RESOURCE CENTRE AT AIMEEL

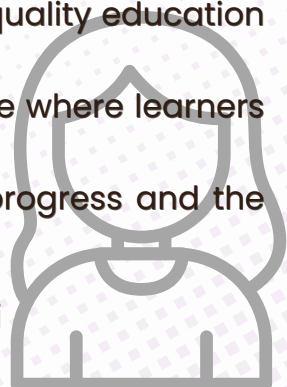

The launch of the resource centre has been warmly welcomed by learners, many of whom had long anticipated a modern learning space that would meet their academic needs and encourage independent study. For months, learners spoke about the possibility of having a dedicated area where they could access books, research materials and study resources in a comfortable environment. This year, those expectations have finally been fulfilled.

Located conveniently on the ground floor, the CBC Resource Centre stands out as one of the most modernized spaces within the institution. The room has been designed to create a calm and motivating atmosphere for learners. Its spacious arrangement, organized shelves and improved learning environment reflects the school's commitment to quality education and academic excellence.

Apart from academics, the resource centre is expected to become a place where learners can collaborate, exchange ideas and develop confidence in their studies.

The new Resource Centre is not just a room - it is a symbol of growth, progress and the school's commitment to empowering learners through education.

SHULE YA AIMEEL KWENYE MATER HEART RUN

Shule ya maandalizi na msingi ya **Aimeel** ilishirikiana na hospitali ya Mater katika kampeni ya kuchangisha fedha ili kufadhili matibabu ya watoto wenye shida na magonjwa ya moyo kutoka familia maskini. Kupitia shughuli kama mbio za hisani na tamasha mbalimbali ya jumuiya ya shule hiyo ikiwemo wanafunzi na mali, kufanikisha lengo hilo.

“Ushirikiano huu haukuwa tu kukusanya fedha, bali kuwapa watoto hao fursa ya pili ya kuishi,” mkuu wa shule alieleza.

Hospitali ya Mater ilishukuru sana juhudi ya shule yetu kusaidia katika kuchanga fedha. Hospitali hiyo ambayo imekuwa mstari wa mbele kwa miaka mingi kupitia mpango wake wa “Mater heart run”, ilipongeza hatua hiyo ya shule yetu ya Aimeel na ikahimiza kuendelea na hatua hiyo nzuri.

Ushirikiano huo haukusaidia kifedha bali pia umekuwa somo kubwa la maadili kwa wanafunzi wa **Aimeel** ukiwafunza umuhimu wa huruma, ukarimu, na kuwajibika kwa jamii tangu wakiwa wadogo. Ni matumaini ya taasisi hizi mbili kuwa hatua hii itazihamasisha shule na mashirika mengine kujitokeza na kuunga mkono juhudi hizo za kuokoa maisha ya kizazi cha kesho.

**Willy Muema,
Gredi ya Nane
Samawati**

BRAIN TEASERS

What has keys but can't open locks?

A piano.

What gets wetter the more it dries?

A towel.

I speak without a mouth and hear without ears. What am I?

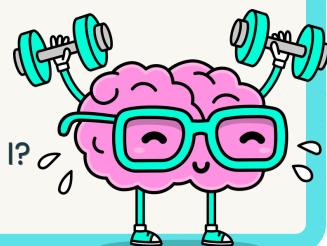

An echo.

What has hands but cannot clap?

A clock.

The more you take away from me, the bigger I become. What am I?

A hole

THE NEW CBE RESOURCE CENTRE

YOU MAY SUPPORT THE RESOURCE CENTRE BY:

- Donating books, revision materials, and educational resources.
- Sponsoring laptops, projectors, printers, or other equipment.
- Offering any form of contribution that will enhance the learning environment for our learners.

We proudly unveiled our newly established **Resource Center** – a modern learning and collaboration space designed to support academic growth, research, creativity, and innovation within our school community. This center will serve as a hub for reading, learning, mentorship, group discussions, and access to educational resources that will empower our learners for years to come. As we continue building and equipping this important facility, we warmly invite our sponsors, stakeholders, parents, well-wishers, and the wider community to partner with us in making this mission even greater.

We sincerely thank our generous donors for their invaluable book donations to our Resource Centre. Your support is inspiring a lifelong love of learning in our learners

Coding & Robotics Programme

Digital Literacy at Aimeel School

Aimeel School has embraced digital literacy as a key component of the Competency-Based Education (CBE) curriculum. Through the integration of technology in learning, learners are equipped with essential digital skills that prepare them for the modern world.

Through these programmes, learners develop confidence in using digital tools, designing solutions, and working collaboratively to solve real-world challenges. The integration of digital literacy has also nurtured curiosity, self-learning, and technological awareness among learners.

Aimeel School remains committed to providing a holistic education by equipping learners with the digital competencies necessary for success in the 21st century.

**Tr. Ezra Wachira,
Computer Studies, coding
& Robotics Facilitator**

The school's Coding and Robotics programme has greatly enhanced the CBE core competences by promoting critical thinking, creativity, communication, collaboration, and problem-solving. Learners actively engage in coding activities, robotics projects, and hands-on technology lessons that encourage innovation and practical application of knowledge.

THE AIMEEL SCOUTS CLUB

The Scouts Club at **Aimeel Schools** play an important role in nurturing discipline, leadership, responsibility, and teamwork among learners. Through various scouting activities, learners develop valuable life skills that help them become responsible citizens and future leaders.

Members participate in outdoor activities, community service projects, environmental conservation, camping, and skill-building exercises. These activities promote self-reliance, confidence, and respect for others while fostering a spirit of service to the community.

The club has continued to grow, attracting many learners who are eager to embrace the values of scouting. Through active participation, learners cultivate discipline, patriotism, and a commitment to making a positive impact in society.

Aimeel School remains dedicated to supporting the Scouts Club as it empowers learners with practical skills and strong character for lifelong success.

**Tr. Ezra Wachira,
Patron, Aimeel Schools Scouts Club**

DID YOU KNOW?

- A cloud weighs around a million tonnes. A cloud typically has a volume of around 1km^3 and a density of around 1.003kg per m^3 - that's a density that's around 0.4 per cent lower than the air surrounding it (this is how they are able to float).
- Identical twins don't have the same fingerprints. You can't blame your crimes on your twin, after all. This is because environmental factors during development in the womb (umbilical cord length, position in the womb, and the rate of finger growth) impact your fingerprint.
- Earth's rotation is changing speed. It's actually slowing. This means that, on average, the length of a day increases by around 1.8 seconds per century. 600 million years ago a day lasted just 21 hours.
